OBJECTIVE

Full Stack Developer | C# | .NET | Angular | TypeScript | Web API | SQL | xUnit | Git | GitHub

SUMMARY

Full Stack Developer with 15+ years of experience in software development, focusing on C# with .NET and Javascript frameworks. Expertise in building web and desktop applications, as well as strong skills in database management, especially MS SQL and MySQL. Committed to continuous learning, I acquired skills in various technologies, including Oracle, RabbitMQ, MassTransit, and DevOps aspects. I value Agile and Scrum, seeking to create impactful solutions and contribute to significant projects. I am ready to collaborate with professionals and organizations aligned with my principles and passion for technology.

TECHNICAL SKILLS

C#, VB.NET, ASP.NET MVC, ASP.NET Web API, .NET Core, SQL Server, Oracle, MySQL, PostgreSQL, MongoDB, HTML, CSS, JavaScript, jQuery, Bootstrap, Angular, React, TypeScript, Unit Test, CI/CD (GitLab), Scrum, Kanban, Power BI, ETL (Talend, Data Factory)

EXPERIENCE

SENIOR SOFTWARE ENGINEER

Poatek / Telus Digital – Brazil

Aug 2024 – Present

- Delivering scalable front-end and back-end solutions using Angular, SCSS, .NET, and GraphQL (BFF).
- Developing data pipelines with Azure Data Factory to support internal clinical trials systems.
- Contributing to cloud-native architecture, deepening expertise in the Azure ecosystem.
- Managing CI/CD pipelines with GitHub and GitHub Actions to ensure high-quality, production-ready code.
- Collaborating daily with international teams in English, working across diverse industries and tech stacks.

SOFTWARE ENGINEER

STEFANINI BRASIL - Brazil

Mar/2022 – Jul/2024

- Engaging in full-stack development, specializing in .NET and Angular, and using TypeScript to improve Angular projects.
- Gaining experience with messaging technologies such as RabbitMQ and MassTransit for efficient data handling and service communication.
- Using MediatR to improve communication standards in REST API developments.
- Participating in DevOps activities, including maintaining CI/CD pipelines and vulnerability analysis.
- Managing Oracle databases, focusing on optimizing data structures and query performance.
- Interacting with teams from other countries, communicating in English.

SOFTWARE DEVELOPER

AGÊNCIA MOLLA - Brazil

Mar/2021 – Mar/2022

- Developed websites using Razor, JavaScript, C#, and MS SQL, and also worked with jQuery.
- Improved legacy ASP MVC applications and explored cloud and automation technologies with Power Automate, improving my front-end and back-end skills.

SOFTWARE DEVELOPER

GRUPO EASE - Brazil

Aug/2019 – Mar/2021

- Improved ERP and ASP MVC systems, focusing on UI and functionality.
- Gained valuable experience in ETL processes with PostgreSQL and Azure, integrating Talend and Data Factory.
- First introduction to working in a technical team and using the Kanban methodology.

SOFTWARE DEVELOPER

LTS – Soluções Tecnológicas - Brazil

Apr/2011 – Aug/2019

- Led the development of 'Consulte', a desktop application for automated data capture and validation, refining my application development and problem-solving skills.
- Played a key role in providing user support and training, enhancing my ability to communicate technical concepts effectively to non-technical users.
- Developed and maintained various desktop applications using VB.NET, balancing user needs with technical requirements to deliver practical solutions.
- Gained extensive experience in web technologies, including ASP and HTML, and database management with MS SQL and MySQL.
- Involved in installation and setup activities for WinForms and ASP Web Forms projects, ensuring smooth deployment and functionality.

SOFTWARE DEVELOPER

CIVS – Assessoria Sindical - Brazil

Jun/2005 – Jun/2009

- Worked with MS Office, mastering advanced features in Excel and Access, essential in my first development tasks.
- Gained skills in analyzing and validating data and understanding the importance of accuracy and integrity in software solutions.
- Developed fundamental skills in software development, including custom system migration from Access VBA to VB.NET and MS SQL, laying the foundation for my future career in technology.

LANGUAGES

Proficient in English

EDUCATION

Descomplica Faculdade Digital (2022-2025)

Technologist degree, Data Science

COURSES AND CERTIFICATIONS
